

Club Name: Remains' Language Club

Club history: The year was 2011, an urge for taking the practice of subsequent languages English and Bangla forward had arisen in our college. With the help of Rafi Mizan Khan Niloy, Ahsan Al Rifat, Adnan Mehedi Khan and many more students of HSC batch 11-12, the goal started working out. The goal was to establish a language club for the students of Dhaka Residential Model College. Ahsan Al Rifat wrote and presented an application for the establishment of the club to our residing Principal Sir of that time, and after getting the green light to our application, with the help of Nurun Nobi sir everything related to the club was fixed. The very journey of Remian's Language Club started in an empty classroom at the third floor of academic building-1 with Nurun Nobi Sir there. With many dreams and possibilities, the first goal was to eliminate that problem and help the ones who had the talent to do so. Collaborating with science club RLC had organized an internal festival which was named "DRMC 1st Language and Quiz Competition 2011". The fest was very important for the club. The encouragement gotten from the fest helped gaining enthusiasm that was passed down to the juniors and the next executive committees. Sabera Sultana Madam was a prominent person in the success of the club and the internal fest. For her invaluable contributions, the club will always remain grateful to her. Besides the then Presidents of Debating Society and Science Club Tanvir Rahman and Mahfuz Salekin respectively helped a lot. In 2012, after the very 1st fest of RLC, then it was time for handing over the responsibilities to juniors. Talukder Tanjim was the worthy successor to what the founding panel stood for. Our first fest dropped with top class arrangements. The premising national language festival of RLC is being held every year with new events and more engagements. The senior executive members always stay beside the club. Soon we passed our 7th National Language Festival. Every time our upcoming fest surpass the previous fest and this is how we have become one of the biggest and most successful language club of the country.

Club's Purpose: This club was established in 2011 with the objective of flourishing the linguistic skills of the students of Dhaka Residential Model College. With the passage of time the club has expanded and made its way into national fields. RLC is one of the leading language-based organization in college level and is now a leading figure in organizing language-based events throughout the country. Our purpose is to create more opportunities for students to flourish their language proficiency besides the native language.

Club's Target: Remains' Language Club primarily focuses on creating a platform for our fellow students to express the linguistic capabilities. Our target is to broaden such possibilities by organizing quizzes, workshops, internal Olympiads and recruiting the top participants to participate in language-based events throughout the whole country as well as our own language fest. We also plan on nurturing the young students to become proficient in linguistic events to bring glory for our institution and club in the future.
